REMARKS

By way of clarification, applicants note that both "c" and "d" in the formula for the Velenyi catalyst can assume the value of zero. Accordingly, the Velenyi catalyst can contain up to four catalytic components with "A" and "M" being optional. Applicants maintain the position that claims 1-16 are patentable over the cited art for the reasons set forth in the Response to the Office Action dated August 8, 2003.

Respectfully submitted,

Date: 4 September 2003
